

THE YEAR IN BEAUTY

2019: TOP TREATMENTS

1. HA SKINBOOSTING FILLER.

It's not all about volume! This highly popular microfiller technique stimulates youthful collagen to correct ultra fine lines and skin damage that regular filler techniques cannot.

2. THE SURGICAL "JOWL" LIFT.

It's all about the Neck! The "[jowl](#)" lift is a stand-out surgical procedure that tightens the jawline and neck without touching the face itself, with shorter scars and less downtime.

3. ANTI-INFLAMMATORY SKIN TREATMENTS.

Inflammation is a proven root cause of skin aging. Anti-inflammatory treatments like [Dual Plane Platelet Rich Plasma](#) made a big entrance.

2020: WHAT'S NEW!

1. THE NEW EYE SURGERY

It's all about the skin! We're now combining surgery with injections of [stem-cell rich Nanofat](#) to remodel the thin, damaged and lined skin of the eyes that surgery alone cannot correct.

2. MICROFUSION GOLD.

A new use for Botox & Filler! Gold-tipped microneedling stamp infuses skin with a customized cocktail of Botox, Filler and Vitamins B/C. Delivers poreless, glass-like skin with no downtime.

3. PRP HAIR FORTIFICATION

The new frontier! Injections of [Platelet Rich Plasma](#) stimulate follicles to regenerate thinning and damaged hair; an individualized regimen of topicals & supplements delivers optimal results.
